BASANT VALLEY PUBLIC SCHOOL SECTOR-46, GURUGRAM

SUMMER HOLIDAY HOMEWORK SESSION-2020-21

CLASS-4

Dear parents,

"When the going gets tough, and tough gets going". When the situation becomes difficult, * strong people are able to step up and handle it. We at BVPS-46, have a firm belief that our dear students too are strong individuals and are going to make the best of their time * during this pandemic. To channelize their energies in the most constructive way and to foster their imagination further, we want them to look deep within and also understand and know the people and things around them better when they are still within their sweet abodes.

Keeping this in mind, we have designed the Holiday Homework which help to create a nurturing and creative environment for your child. It would teach your children to work * independently and would improve their basic academic skills, such as reading, writing, and spellings and would help them develop personal skills and time management.

Note -

Last Date of Submission of Holiday Homework – 1st day of School reopening.

Hope you and your loved ones are in a cheerful position and coping well through these strange unprecedented times.

Some of the suggested activities for your child are -

- 1. Get up early in the morning and see the rising sun.
- 2. Feel the fresh air take a deep breath and do breathing exercise.
- 3. Hear the birds chirping.
- Water the plants and feed the birds.

Fast Food Follies

About half the young people in America are heavier than they should be. That's because they eat the wrong food, or they eat too much or too often. Or all three!

American doctors keep warning about 'overweight kids' and some things are changing, very slowly. However, a lot of habits are very hard to change. Fast Food restaurants, for example, are as popular as ever, at all times of the day. Hot dogs, hamburgers and French fries are still the most popular things to eat. The problem is that they are high in calories and fat. Another problem is to encourage children and teenagers to eat their greens.

"I often come in for a burger after school," says Billy, a teenager from San Francisco. "They are so tasty and cost only a dollar! We also come here because it's a good place to sit and chat!"

But eating too much is not the only reason why people get

fat - drinking too much has the same effect. In summer it's so easy to drink too much. In America people drink lots of soda pop, such as colas and 2Up. The reason is simple. They are on sale everywhere: in shops, cafés.... And compared to Europe, it's very cheap. But each small soda contains spoonfuls of sugar. No wonder people get fat!
